

La bienvenida

Each day, a student will be randomly chosen to give a bienvenida. The bienvenida should include each of the following elements:

- a greeting (*Hola, Buenos días, etc.*)
- the day of the week
- the date
- a report on the weather

When it is your turn to give the bienvenida, you will need to stand by the microphone and speak clearly. You will not be able to use any notes, so you will need to practice ahead of time. Giving the bienvenida will count as a speaking grade for you.
