Accents in Spanish Words Worksheet 2

Tell why there is an accent on the following words:

To indicate a question word

To distinguish one small word from one spelled just like it

To make the weak vowel in a diphthong strong

To indicate that the rules of stress are broken

If the accent is there to break the rules of stress, write the number of the rule that is broken

1. if a word ends in n, s, or a vowel, stress the next-to-the-last syllable

2. If a word ends in any other letter, stress the last syllable.

If the accent is there for any other reason, write NONE in the Rule # space.
