

HOMEWORK/CLASSWORK CHECK and ATTENDANCE FORM

Facilitator: If the student is absent from the class, indicate that on the form with an **A (nothing else!!)** in the Att column for each day. Place a check in the Done/Not column for each day that the student has all of the required homework for that day, in his/her own handwriting. If the student has none of the required work for that day, write a zero (0) and have the student initial by it in the Done/Not column. Partial credit for partial work will be given according to the individual teacher. If the student who was absent makes up work within the time allowed for makeup, put it in the appropriate column and write an M (for made-up) by it. Thank you!
